

Motel Time Again

Johnny Paycheck

I sit here on this stool drink so much I blew my cool
And now there closing up the world I'm living in
So I guess it's time to go or at least they told me so
Yes I'm going home it's motel time again

Motel time again
Guess I'll take myself to bed
I don't even know what town I'm in
Yet I'll find my way once more
To that old number on the door
Then I'll be at home
Motel time again

Motel time again
Guess I'll take myself to bed
I don't even know what town I'm in
Yet I'll find my way once more
To that old number on the door
Then I'll be at home
It's motel time again
