

Something About You I Love

Johnny Paycheck

There's just something about you I love
And I can't pin it down
Is it in the way you kiss
Or the way your hair hangs down

All I know is your warm woman's touch
Holds everything I'm dreaming of
I don't know why I want you so much
There's just something about you I love, hmm

There's a message in your move
That's gettin' through to me
There's somethin' in the way you look
That wakes up the need in me

I don't know what draws me to you
But I can't seem to get close enough
I don't know what it is that you do
There's just something about you I love, hmm

All I know is your warm woman's touch
Holds everything I'm dreaming of
I don't know why I want you so much
There's just something about you I love, hmm
