

We're Over

Johnny Rodriguez

We're over
I guess you know we're over
Even though, all the words are still unsaid

And we talk of other things instead

We're over
We come and go but we're over
We go on, like the actors in a play
Acting out our lives from day to day

Going through our phrases
With smiling, frozen faces
That tell more than they hide

And knowing when we fake it
It's not love when you make it
Without any feelin' inside

We're over
That's all we are, we're over
And all that's left is to find a reason why
We're over, and we still can't say goodbye
