

## (she's So) Untouchable

Johnny Thunders

Can't close my eyes  
when she's around  
my Heart stops and goes again  
I'm lost and then I'm found  
its getting so hot in here  
I gotta let you know  
cause you make me crazy  
if I only let you die now  
She's so un- touch able  
She makes me un control lable  
If only she'd know how  
how I really felt  
maybe Things would work out  
maybe I would find out  
but maybe my Head's in the clouds  
and I don't even know  
cause she is so pretty ahhhh...  
she knocks the Boys out cause now  
She's so un- touch able  
but I touch her  
She's so un- touch able  
But what can I say  
it's getting a long Day  
some Girls may walk on by  
but I don't think of hug anyway  
some Boys may beg like a Dog  
some Girls beg, beg beg too  
but what can I say but  
Bon Voyage Baby cause now
