

Blue Mood

Johnny Winter

I guess I'll have to go out walking
I feel a blue mood coming on
Don't want to hear nobody talking
I just want to be alone

Every time I hear that music
It take me back to my old lady
Can't get my mind off that woman
Its about to drive me insane

I get a funny, funny kind of feeling
Like tear drops falling down inside
I guess I gotta keep on smiling
So folks will think I'm satisfied
Satisfied
