

# Wanderlust

Joi Cardwell

I know that you want me  
I can see it in your eyes  
What words you wont tell me  
Your body can?t deny  
Lost in emotions  
My body fueled by fire  
Deep in your ocean  
Kept afloat by desire

We?ll call it wanderlust  
A feeling that you have to trust  
Don't call it fantasy  
An alternate reality  
Cause when it's you and me  
You're the only thing that I can see  
It?s where I wanna be  
When I wanna be  
Gonna be  
Wanderlust

I know that you want me  
I can see it in your eyes  
What words you wont tell me  
Your body can?t deny  
Lost in emotions  
My body fueled by fire

Deep in your ocean  
Kept afloat by desire

We?ll call it wanderlust  
A feeling that you have to trust  
Don't call it fantasy  
An alternate reality  
Cause when it's you and me  
You're the only thing that I can see  
It?s where I wanna be  
When I wanna be  
Gonna be  
Wanderlust
