

## Dance With Yesterday

Joi

He said I was delightful and funny  
A little bit peculiar but sweet as honey  
I'm something like a pimp but no not really  
I'm so sophisticated and silly

He said I was his greatest inspiration  
The wind beneath his wings, his liberation  
He said he never met nobody like me  
That made him wanna settle down and start a family

I miss the love we had now and again  
How could you ever turn your back on your best friend  
Too bad we cannot go back and dance with  
Dance with yesterday

Misery was lonely so she called you  
You chose her over me but I forgive you  
You thought that you could trust her, but she tricked you  
And now she left you with nobody to turn to

And all the love you had for me it turned to hate  
You could not fix the damage, it was just too late  
And now you have no peace and you're unhappy

I tried to help you out but you just would not let me  
,

I miss the love we had now and again  
How could you ever turn your back on your best friend  
Too bad we cannot go back and dance with  
Dance with yesterday

Love someone, didn't grow of many twists and turns Pack your al  
oe vera 'cause it's gonna burn  
Don't take it for granted or make it wait too long  
You never know how good it is until it's gone

And I thought that I would die the day I had to leave you  
I cried so many tears but I did what I had to do  
So send me a postcard or a letter  
Let me know you love the next one better

I miss the love we had now and again  
How could you ever turn your back on your best friend  
Too bad we cannot go back and dance with  
Dance with yesterday
