

# Baby Maker

Jon B.

I've been waiting, oh so long  
For you I've waited

I don't mind sitting here in captivity,  
Like a lion caged in front of you, you (you)  
Want you so bad you see me pacing  
You know what I can't wait to get to, to, to

I'm gon be your Tarzan, you gon be my Jane  
Crazy jungle sounds  
Feeling like a baby maker  
Watch out now this feels like a baby maker  
A baby maker  
A baby maker  
Feeling like a lion caged and you got the key  
Crazy jungle love sounds like a baby maker  
Watch out now this feels like a baby maker  
A baby maker  
A baby maker

Feel like swinging on the chandeliers  
Like I was in the jungle  
Jungle  
Your jungle  
Both got sweat coming out our pores  
But you keep me on the humble  
Humble  
I'm shaking the cage cuz, girl

This love feels so deep  
But we both know where we're going  
Girl you know it's what your body saying  
(Know what your body saying to me, baby)  
My body saying  
(What's my body saying to you, baby)  
You know I ain't ready (no I ain't, baby)

I'm gon be your Tarzan, you gon be my Jane  
Crazy jungle sounds  
Feeling like a baby maker  
Watch out now this feels like a baby maker  
(Ooh, I see a lady tonight that should be having my baby)  
A baby maker  
A baby maker  
Feeling like a lion caged and you got the key  
Crazy jungle love sounds like a baby maker  
(Set me free)  
Watch out now this feels like a baby maker  
A baby maker  
A baby maker

I'm gon be your Tarzan, you gon be my Jane  
Crazy jungle sounds  
Feeling like a baby maker  
Watch out now this feels like a baby maker  
A baby maker  
A baby maker

Feeling like a lion caged and you got the key  
Crazy jungle love sounds like a baby maker  
Watch out now this feels like a baby maker  
(This joint's a baby maker)  
A baby maker

I've been waiting, oh so long  
For you I've waited
