Jon B.

Oh so sexy you got that natural
The way you moving ooh that's crazy
So amazing I'm getting faded

Off you so intoxicating

Pretty feet with open toes
Scent of your neck is like a fresh red rose
X-ray vision passing through your clothes
But I really can't wait to see you naked though
The way your body move and you dip it slow
I try to play it cool but I gotta let you know
The way you looking I can tell you wanna go
Skip the preview and let's get to the show

Birthday suit is all you got on
Got the radio on and it's playing your song
Touching on your body all night long
Feels so right that it can't be wrong
