

Don't Blame It on the Whiskey

Jon Pardi

We can fight the fight all damn light
But in the morning light
The lies reveal the truth
Yeah, the sober truth
We wake up to reality
And play the blame game ruthlessly
Like it woulda turned out different
If we woulda stopped at one or two

But don't blame it on whiskey
No, this ain't about a drink
Don't let alcohol take the fall
For all these thoughts I think
Let's get down to the bottom
And not just the bottom of the glass
This heartbreak train's pickin' up steam
And we're standin' on the track
Yeah, I can blame it on you
Or you can blame it on me
But don't blame it on whiskey

So here we are, and there it is
Wonderin' which way we're gonna fall
And how we're gonna answer that last call

But don't blame it on whiskey
No, this ain't about a drink
Don't let alcohol take the fall
For all these thoughts I think
Let's get down to the bottom
And not just the bottom of the glass
This heartbreak train's pickin' up steam
And we're standin' on the track
Yeah, I can blame it on you
Or you can blame it on me
But don't blame it on-

Whiskey might be strong
But it ain't got nothin' on what's goin' on here

Let's get down to the bottom
And not just the bottom of the glass
This heartbreak train is pickin' up steam
And we're standin' on the track
Yeah, I can blame it on me (I can blame it on me)
Or you can blame it on you (Or you can blame it on me)
But don't blame it on whiskey

Yeah, I can blame it on me
You can blame it on me
But don't blame it on whiskey
