

Lucky Tonight

Jon Pardi

She left about three weeks ago
A single man is a new thing
But I've been here before
And I've been drinking, I've been smoking
I've been looking around
I need a stranger to break some new ground

And maybe I'll get lucky tonight
Find me a girl, take my heartache away
Sad, sad blues
I'll see you another day, wouldn't that be so fine?
Maybe I'll get lucky tonight

I dance on to the song
A melody pulling at my heartstrings
By the love gone wrong
And I've been doing everything I can
Trying to move on

And maybe I'll get lucky tonight
Find me a girl, take my heartache away
Sad, sad blues
I'll see you another day, wouldn't that be so fine?
Maybe I'll get lucky tonight

Fade away with the party lights
Whiskey on ice makes you feel real nice
It's how you do it
Girl, how you been baby?
Maybe I'll get lucky tonight

And maybe I'll get lucky tonight
Find me a girl, take my heartache away
Sad, sad blues
I'll see you another day, wouldn't that be so fine?
Maybe I'll get lucky tonight
Take me, take me, take me away
Take me, take me, take me away
Wouldn't that be so fine?
