

Last Legal Drug

Jonathan Davis

Put your hand against your skin.
Rub it gently to begin.
You feel it. Can you feel it?
When does pleasure become pain?
When does sex become insane?
You say yes as you feel it.

When you come (Be a good girl)
Hold your breath (Make it last long)
It's a mess (And it's called)
The little death, girl.

So please when you die could you scream
Mercy, mercy for you and me?
It's true what they say, fucking for
Love might be the last legal drug.
So please when you cry let it flow.
I might make you stay let you go.
It's true What they say, fucking for
Love might be the last legal drug.

Push that one more time that's all
And the rain begins to fall.
You feel it. Can you feel it?
People who ain't seen shit been
Telling you that its a sin?
You say yes as you feel it.

When you come (Be a good girl)
Hold your breath (Make it last long)
It's a mess (And it's called)
The little death, girl.

So please when you die could you scream
Mercy, mercy for you and me?
It's true what they say, fucking for
Love might be the last legal drug.
So please when you cry let it flow.
I might make you stay let you go.
It's true What they say, fucking for
Love might be the last legal drug.

let there be more.
let there be more.
let there be more.

So please when you die could you scream
Mercy, mercy for you and me?
It's true what they say, fucking for
Love might be the last legal drug.
So please when you cry let it flow.
I might make you stay let you go.
It's true What they say, fucking for
Love might be the last legal drug.
