

# Sinking Friendships

Jónsi

(Now... You... Go)

We're swimming in the blue  
The night mist's full of dew  
Will I bring light or gloom  
My eyes are soaked all way through

Our sinking friendships  
We drown them all

I'm singing a sad tune  
Is this song to you? (Ooh Ooh Ooh)  
Is this song to you? (Ooh Ooh Ooh)

Wishes overdue are all saved in locks  
Wishes overdue...

No one knows you, till it's over  
You know no one true, till it's over

Is this song to you?  
Is this song to you?

My lips are pale blue  
My shivering half-moon  
My last night's slowest tune  
It's the end of the end of the end

Our sinking friendships  
We drown them all

I'm singing a sad tune  
Is this song to you? (Ooh Ooh Ooh)  
Is this song to you? (Ooh Ooh Ooh)

Wishes overdue are all saved in locks  
Wishes overdue...

No one knows you, till it's over  
You know no one true, till it's over

No one knows you, till it's over  
You know no one true, till it's over

Is this song to you?  
Is this song to you?

(Now... you... go...)
