Don't Run

Jordan Knight

I feel like the world is on my head I don't wanna lose what made me a man Still when I call your name I wait, you'll say, you're so far away

Now that I feel the well so dry I need you to fill me up inside Baby you turn me on and on

Just wanna hold you I'm dying to show you Don't run from me Don't turn your back on me We're getting closer Don't say that it's over Don't say that it's over Don't run from me Don't turn your back on me Come out of the dark Don't tear us apart Don't run from my heart

It took me some time to understand What all along I held in my hands If you give me one more chance I'll prove, I'm true, to you

Now every night it seems so wrong I'm here all alone where you belong Girl let me turn you on and on

I'm such a dreamer When I'm sleeping, I'm thinking of you A million roses, waterfalls, around a bed for two Sippin' fruits with the best babe I'm not here for the rest babe Need your candlelight, sweet love tonight I can't afford to lose you
