

Tomorrow

Jorja Smith

The hardest thing I have learned is I can't help myself
If I can't trust my worth
And I can't trust my words
Accepting is not my fault but I'm the one to blame
And know I've got to change
No I'm not ashamed

You've been there for all of my crimes
You've given me all of your time
You've shown me there's flaws in blue skies
Only you, only you

So don't you wonder why
I can't say goodbye
I won't even cry
There always is tomorrow
I, I can't sleep at night
I can't even cry
There always is tomorrow

Patiently there for me when I'm forced to the edge
Always in my head to get out of your bed
But no one can understand confusion like I do
These blue days are my true
There's silence in my room

You've been there for all of my crimes
Only you, only you

So don't you wonder why
I can't say goodbye
I won't even cry
There always is tomorrow
I can't sleep at night
I did it every time
There always is tomorrow

And I said what I said
Do you believe me, do I know who I am
Do you believe me, that I won't do you wrong
There a lot I've known all along
By finding myself I nearly lost 'em all
By fighting it all thought I knew it all
I'm lying alone and now I know I it all

So don't you wonder why
I can't say goodbye
I won't even cry
There always is tomorrow
I can't sleep at night
I won't even cry
There always is tomorrow

So ready or not, here I come, you can't hide
I'm gonna find you and make you want me
Ready or not, here I come
I'm gonna find you and make you want me
