

Duke of Love

Jørn Lande

I've been running with demons
From the day I was born
Burned my soul in the fire
It turned my heart to stone
But I came out of the shadows
And stood my ground through the storm
I stole desire from the devil
And power from the Lord above

I'm the Duke.. the Duke of Love
No King can love a woman like the Duke of Love
The Duke can't get enough
Your soul belongs forever to the Duke of Love

I'll suck you dry like a vampire
I'll make you shiver and moan
Oh baby you are the reason
Please let me take you home

I'm the Duke.. the Duke of Love
No King can love a woman like the Duke of Love
The Duke can't get enough
Your body burns forever for the Duke of Love

Oh Baby...
Now listen...
I'm a hound for good loving
Like a dog for a bone
And if it's raining in your heart baby
You need love to keep you warm

I'm the Duke.. the Duke of Love
No King can love a woman like the Duke of Love

The Duke can't get enough
Your heart will stay forever
With the Duke of Love
No King can love a woman like the Duke of Love
No King can love a woman like the Duke of Love

Get over here baby...I'm the Duke
The Duke of Love...all right

I'm the Duke...the Duke of Love
I'm the Duke
I'm the Duke
I'm the Duke
