

I'm coming out at sundown
Casting shadows in this town...
Breathing the night
Holy times are over and I'm a pagan soldier
Looking for love

Stormcrow - I ride the wind
Stormcrow - Into the rain again
I'm a creature of the night you hear me call
Stormcrow

Just a 70's child
I like that rock'n roll style...so hungry for fame
I'm a beggar and a stealer
Always searching for a healer...ooh

Stormcrow - I ride the wind
Stormcrow - Feeling the pain again
Stormcrow - So black with sin
Like a phantom in the night
I am hiding from the light before I fall

I'll be waiting for the day
When my breath fades away...
It's the price to pay yeah
But I'll give all my power
Racing the hour and live life my way

Stormcrow - I ride the wind
Stormcrow - Into the rain again
Stormcrow - So dark within
Like a devil in the night
I am leaping from the light and I must fall
Stormcrow..Stormcrow
I glide the wind - I'm never giving in
