

Trouble

José James

trouble + me
we got to try to figure out
some kinda way to go

that we know

trouble it meet me
everytime I step around
the way of danger's flow

so we can let it go

I
I need someone like you

to understand my heart baby + my
soul

it's on my mind baby
it's always

trouble - trouble - trouble
trouble - trouble - trouble

+ all my Light lately
call on me to

struggle - struggle - struggle
struggle - struggle - struggle

since we been apart baby
I can't figure out which way to go in
my life

since you left my heart + by my side
you'll never believe me

but through wrong + through right

I

I need someone like you
to understand my heart baby + my
soul
