

# Hotty Toddy

Josh Abbott Band

High heels and cocktails, she ain't just boots and beer  
She's the living proof there's something in the water 'round here  
Well it doesn't matter if it's noon or night  
She'll quench your thirst if you treat her right

She's a hotty toddy and a sweet tease.  
She'll give you everything you want when you're down on your knees.  
Yes she's lemon and sugar, hot and cold,  
Classy and simple, graceful and bold.  
Yes, she's a hotty toddy and a sweet tease.

Now she's Kentucky Derby, yet she's Oxford Grove  
She's a Fort Worth honky tonk dancin' out of control  
Yet she tans under dogwoods in the middle of the day  
She ain't New York and she ain't L.A.

She's a hotty toddy and a sweet tease.  
She'll give you everything you want when you're down on your knees.  
Yes she's lemon and sugar, hot and cold,  
Classy and simple, graceful and bold.  
Yes, she's a hotty toddy and a sweet tease.

The honey in her voice drives me insane  
Whether she's singin' Stones or she's calling my name  
Oh yeah

She's a hotty toddy and a sweet tease.  
She'll give you everything you want when you're down on your knees  
Sayin' very please  
Yes she's lemon and sugar, hot and cold,  
Classy and simple, graceful and bold.  
She's a hotty toddy and a sweet tease.  
Yes, she's a hotty toddy and a sweet tease.
