

I'm Your Only Flaw

Josh Abbott Band

When I think of happiness, innocence and truth
In an almost perfect person, that's when I think of you
Now when I say almost perfect, believe me I meant all
Because, my dear, the way I see it, I'm your only flaw

I'm your only imperfection, dust in a diamond
Rust on a heart of gold and the clouds when the sun ain't shini
n'
I'm not sure why you love me and I'm not sure what you saw
Because, my dear, the way I see it
I'm your only flaw

When I think of goodness, I think of your smile
It's like having coffee with a friend you ain't seen in a while
When I think of courage, of being brave while feeling small
Baby, I'm not worthy, I'm your only flaw

I'm your only imperfection, dust in a diamond
Rust on a heart of gold and the clouds when the sun ain't shini
n'
I'm not sure why you love me and I'm not sure what you saw
Because, my dear, the way I see it
I'm your only flaw

So keep on loving me
So perfectly

I'm your only imperfection, dust in a diamond
Rust on a heart of gold and the clouds when the sun ain't shini
n'
I'm not sure why you love me and I'm not sure what you saw
Because, my dear, the way I see it
I'm your only flaw
Yeah, because, my dear, the way I see it
I'm your only flaw

So keep on loving me
