

One More Two Step

Josh Abbott Band

Well, there ain't enough songs in the jukebox for us tonight
And they always seem to kick us out right about closing time
I got a hardwood floor, we can cover up across it
The drinks are free and all it's gonna cost ya

Is one more two step, we ain't done yet
Right, left, left, right where we left off
They ain't gonna shut us down
Let's take this back to the house
For one more two step, alright
One more two step tonight

I can scoot the couch back while you're kicking off them boots
Tell you what
You can pick the playlist, I'll spin you 'round the room
I just love the way you dance
Take my hand, give me one more last chance

One more two step, we ain't done yet
Right, left, left, right where we left off
They ain't gonna shut us down
Let's take this back to the house
For one more two step, alright
One more two step tonight

Right, left, left, right where we left off (Off)

One more two step, we ain't done yet
Right, left, left, right where we left off
One more two step, we ain't done yet
Right, left, left, right where we left off
They ain't gonna shut us down
Let's take this back to the house
For one more two step, alright
One more two step tonight

One more two step tonight
