

Never Have I Found

Josh Garrels

I walked under the blood red moon
At night when wolves gather 'round
And I've spent some time with the Devil
But never have I found

Another one like you
Oh Lord
Jesus

And I've tasted too many temptations
And I've been chased by a demon hound
Lord I just can't be satisfied
Because never have I found

Another one like you
Oh Lord
And your love
Jesus
