

In Your Arms Awhile

Josh Ritter

Hold me in your arms awhile
Hold me in your arms awhile
And I will hold you in my arms awhile
I will hold you in my arms just a little bit longer

Hold me in your mind awhile
Hold me in your mind awhile
And I will hold you in my mind awhile
I will hold you in my mind just a little bit longer

Hey hey hey
You got my heart in your pocket

When you're lost and you're falling down
When you're lost and you're falling down
I will hold you in my arms awhile
I will hold you in my arms and you won't fall farther

When you're gone and you're far away
When you're gone and you're far away
I will hold you in my mind awhile
I will hold you in my mind and you won't go farther

Hey hey hey
You got my heart in your pocket
Hey hey hey
You got my heart in your pocket
