

# Blow Away

Joshua Radin

Is there anybody out here to find you?  
Is there anybody here to believes?  
Is there anybody out here that leads you back to your home  
When it's too dark to see

Baby I need to look upon you  
In a different way that I've done  
Baby I need to say the words that I've been holding back  
Maybe this time I will never run away

I know enough about you  
To wanna know everything  
I know it's gonna take time

All I want is to hold you  
I should have told you what's on my mind  
A long ago  
But I can't find the way  
To say that I need you  
My words just blow away

So if you find that you're lonely  
To tie to breathe the morning air  
No one feels that you're the only  
No one seems to really care

But I know enough about you  
To wanna know everything  
I've got nothing but time

All I want is to hold you  
I should have told you what's on my mind  
A long ago  
But I can't find the way  
To say that I need you  
My words just blow away

I know enough about you  
To wanna know everything  
And I've got nothing but time

All I want is to hold you  
I should have told you what's on my mind  
A long ago  
But I can't find the way  
To say that I need you

All I want is to hold you  
I should have told you what's on my mind  
A long ago  
But I can't find the way  
To say that I need you  
My words just blow away  
My words just blow away
