

Lovely Tonight

Joshua Radin

I need you to know
This won't be broken
And all that we said
Will not be lost into the dawn

And you would be
The last thing I saw coming
I'm still surprised

You are lovely tonight
You, dear, will guide me
Into the morning light
You are lovely tonight
Lay here beside me
I see the rest of my life
With you

Alone we are fine
But when we are two
We are eternal
The moons aligned
Our separate lives
Here become one

And you would be
The last thing I saw coming
I'm still surprised

You are lovely tonight
You, dear, will guide me
Into the morning light
You are lovely tonight
Lay here beside me
I see the rest of my life
With you

All my life I've lived alone without you
All this time, I couldn't find where to belong

And you are lovely tonight
You, dear, will guide me
Into the morning light
You are lovely tonight
Lay here beside me
I see the rest of my life
With you
