

Stay

Joshua Radin

When you're lost
You're not alone
When you call
There's others like you
When you're too tired to stand
You can take my hand
I want to be the place that you land

Sing this song
And I'll come running along
When there so much to say
But you can't find the way
I'll put my arms around you
You put your hand in mine

And we'll stay
That's how we'll stay

When you break down on the road
When you wake up and you're all alone
Just close eyes
There are lows and high
And say my name to the sky

Sing this song
And I'll come running along
When there so much to say
But you can't find the way
I'll put my arms around you
You'll put your hand in mine

And we'll stay
That's how we'll stay

I won't give up till you're here with me
All that I am seems so incomplete
Without you
Without you

Sing this song
And I'll come running along
When there so much to say
But you can't find the way
I'll put my arms around you
You'll put your hand in mine

And we'll stay
That's how we'll stay
