

With Me

Joshua Radin

I don't want to leave
You've been so kind
Can I make a place here
To rest my mind
We have come so far
The end is not in sight
There's nothing I'd rather
Then what we do this night
Oh oh oh
You'll always be here with me
Oh, oh oh
You'll always be here with me
See I've been round
And I've seen the world
So now I know that I'm the shell
And you're the pearl
Cause you're like the rain
That falls on my soul
You washed away my pain
And made me whole
Oh oh oh
You'll always be here with me
Oh, oh oh
You'll always be here with me
You'll always be here with me
You'll always be here with me
Oh oh oh
You'll always be here with me
Oh, oh oh
You'll always be here with me
Oh oh oh
You'll always be here with me
Oh, oh oh
You'll always be here with me
