

Spin Around

Josie and the Pussycats

La la la
La la la la
La la la
La la la la
La la la, la la la
Yeah
1,2
1, 2, 3, 4

Spin around
Come back home
You're running out on a line
Sometimes feel I'm
Going outta my mind
Stunned here waiting
For anyone to take the time
Spin around
We get further and further away
Smile and wave
Ain't got nothing to say
Frozen, waiting for anyone
To take the time
To change my mind, this time

Well I've been staring at
The sun for some time
It gets dark inside
But I don't mind
And if you're gone it's
Like I'm going blind
I can't get by this time

Spin around, jump back
Take another look at yourself
You've been hiding
All along on a shelf
Frozen, waiting for
Anyone to take the time
Spin around, come down now
'Cause it's all getting clear
Everything you ever wanted is here
You never needed anyone
To change your mind
Don't waste our time
We're fine

Well I've been staring at
The sun for some time
It gets dark inside
But I don't mind
And if you're gone it's
Like I'm going blind
I can't get by this time

La la la
La la la la
La la la

La la la la
La la la, la la la
Yeah

La la la
La la la la
La la la
La la la la
La la la, la la la
Yeah

Spin around and around
And around and around
Never want to come back down
'Cause everything
You've lost I've found
Yeah

Spin around and around
And around and around
Never want to come back down
'Cause everything
You've lost I've found
Yeah

Spin around and around and ah
Spin around and around and ah
Spin around and around and ah
Yeah yeah yeah yeah yeah yeah
