

# The Love of the Lord Endures

Joy Williams

In all that I have found  
Your evidence abounds  
I've always sensed Your fingerprints  
If I just look around

And yet this grand display  
Will all soon pass away  
So I hold on to the mighty truth  
That Your love is here to stay

The love of the Lord endures  
The love of the Lord endures  
If there's one thing I can be sure  
It's that the love of the Lord endures

Life has let me down  
In wealth, joy can't be found  
I've searched for peace in all of these  
But I have always found

The love of the Lord endures  
The love of the Lord endures  
If there's one thing I can be sure  
It's that the love of the Lord endures

When I stumble  
When I fall  
When I'm walking ten feet tall  
Your love is there day after day  
Even at the worst extreme  
Or after I have been redeemed  
Your love is there  
And it won't let me go

The love of the Lord endures  
The love of the Lord endures  
If there's one thing I can be sure  
It's that the love of the Lord endures

Forever, forever
