

Before The Dawn

Judas Priest

Emi **Ami** **D** **H**
Before the dawn I hear you whisper
Emi **Ami** **H7** **Emi**
In your sleep "Don't let the morning take him"
Emi **Ami** **D** **H**
Outside the birds begin to call
Emi **Ami** **H7** **Emi**
As if to summon up my leaving

C **G** **E** **Ami7**
It's been a lifetime since I found someone
C **G** **D**
Since I found someone who would stay
C **G** **E** **Ami7**
I've waited too long and now you're leaving
 C **H7**
Oh please don't take it all away

It's been a lifetime since I found someone
Since I found someone who would stay
I've waited too long and now your're leaving
Oh please don't take it all away

Before the dawn I hear you whisper
In your sleep "Don't let the morning take him"
