

# Betsy on the Roof

Julia Holter

Betsy on the roof  
I can't send the rain down baby  
I can't send the rain down anymore

"Uh oh!" she said  
"Uh oh!" she said  
"Uh oh!"

"Uh oh!" she said  
"Uh oh!" she said  
"Uh oh!"

What of this cloud?  
What of this cloud?  
What of this cloud?  
What of this cloud?

Moon and emotion  
Elsewhere is my name now  
We don't dim the lights down anymore

"Uh oh!" she said  
"Uh oh!" she said  
"Uh oh!"

"Uh oh!" she said  
"Uh oh!" she said  
"Uh oh!"

I can't remember the words to say  
I don't remember the words to say to you

I'm standing here on the ground, Betsy  
My arms stretched out, looking up  
Won't you please tell me the answer?  
You know the answer, Betsy

I'm standing here on the ground, Betsy  
My arms stretched out, looking up  
Won't you please tell me the answer?  
You know the answer, Betsy

I'm standing here on the ground, Betsy  
My arms stretched out, looking up  
Won't you please tell me the answer?  
You know the answer, Betsy
