

In the Same Room

Julia Holter

In this ...
You be ...
Sympathies, that you remember
I can't recall this face, but I want you, but I want you
In this ...
I can't dream...
Shiver carries...
In the ship ...
Symphaties, that you remember
I can't recall this face, but I want you, but I want you
In this ...
I can't dream...
Shiver carries...
In the ship ...
Symphaties, that you remember
I can't recall this face, but I want you, but I want you
In this ...
I can't dream...
Shiver carries...
In the ship ...
Symphaties, that you remember
I can't recall this face, but I want you, but I want you
In the same room, in the same room...
