

## Far Away ft Kevin Littlefield

Julia Sheer

You used to call me everyday  
the words mean nothing  
without someone to say  
now I stand beside myself in the pouring rain  
and I just want to see your face

When you're far away  
I miss you  
but I know you're here with me  
when you're far away  
I need you

I lie awake it's ten past three  
this empty feeling  
and baby I can't sleep  
the only thing I left behind  
a smile you can't see

I need you!

When you're far away  
I miss you  
But time won't heal the pain  
when you're far away  
I need you

And I won't go back  
and I can't go back  
you're all I ever needed  
I want you back  
but you can't come back  
you know I didn't mean it  
I take it back  
and still i pray  
for one more chance  
for one more day with you.  
With you.

When you're far away  
I need you
