

Dance

Julia Stone

Well I guess this is our losing hand
I always knew you were a gambling man
And some ties are too strong to break
But after tonight we'll shoot the moon and then we'll walk away

It's so hard to love you
It's so hard to love you
It's so hard to love you

Why don't we dance
Only one thing left to do
You got that hold on me
I got that hold on you

Why don't we dance
Only one thing left to do
You got that hold on me
I got that hold on you

The street lights are on
Drive real fast lover
We're fools on the run
And we're running from each other
Stop the car
Tell me what you need
You say, what you need is different
But what you want is me

It's so hard to love you
It's so hard to love you
It's so hard to love you

Why don't we dance
Only one thing left to do
You got that hold on me
I got that hold on you

Why don't we dance
Only one thing left to do
You got that hold on me
I got that hold on you

There's a thousand different ways to be losing sleep
I was counting on you when you were counting on me
And all I wanted to do was dream of that night in the bar
We were the last ones there
Nothing would keep us apart
And someone had turned out the lights
And you touched my arm
And you said to me

Why don't we dance
Only one thing left to do
You got that hold on me
I got that hold on you

Why don't we dance

Only one thing left to do
You got that hold on me
I got that hold on you
