

We're here on the floor  
You came around 'cause I called  
I get scared, I can't hide it  
In your arms, I can fight it  
I wish that I was easier for you

And you loved me more than anybody who's come before  
And I want attention and I make you pay me for affection  
I wish that I was easier for you

(You) a love like this don't come by every day  
Whatever it is I want it to be easy (you)  
Will you come my way?  
Will you come my way?  
A love like this don't come by every day  
I want it to be easy

And it feels like when you're around I only bring you down  
But you say your mess is mine and I believe you half the time  
I wish that I was easier for you

(You) you see a love like this don't come by every day  
Whatever it is, whatever it is  
I want it to be easy (you)  
Will you come my way?  
Will you come my way?  
A love like this don't come by every day  
I want it to be easy

You stand in my bedroom door  
Your heart, it wanted more of me  
We're close to the clouds  
You wrote the letter for me to read  
(The night drives anywhere)  
You say you'll fall at your feet  
We won't, we won't forget this easily

(You) love like this don't come by every day  
Whatever it is, whatever it is  
I want it to be easy (you)  
Will you come my way?  
Will you come my way?  
Love like this don't come by every day  
I want it to be easy

(You) you see a love like this don't come by every day  
Whatever it is, whatever it is  
I want it to be easy (you)  
Will you come my way?  
Will you come my way?  
Love like this don't come by every day  
I want it to be easy

(You) you see a love like this don't come by every day  
Whatever it is, whatever it is  
I want it to be easy (you)  
Will you come my way?

And I walked away  
Love like this don't come by every day  
I want it to be easier
