

## Ain't But The One Way

Julian Cope

Fascists are all I see  
One too many Buttfuckers controlling me  
But Suicide or Vigilante  
To up the ante - Which is my way?  
Ain't but the One Way  
Ain't but the One Way  
Ain't but the One Way... (gunshot)  
To be free  
Step into view... and about time  
Make yourself some enemies + step out of line  
We need a deadly assassin  
And we need to do it today  
'Cause the greed inside the Greedheads ain't ever gonna go away  
...  
Grab yourself some friends, man  
And grab yourself a good plan  
And get yourself a hitman  
And work out a time span  
And aim for the Headman... Then lie low
