

Harder days

Julian Marley

These are harder days, These are harder days
These are harder days, These are harder days
Repeat Chorus

Who work so hard only for a shilling
Oh my children it's you their deceiving
Dem the wrong doers to the fire
They'll be given, Revelation reveals
Now their tables turning

Jah glory is pure and mighty
Jah glory bring wonders to me
Jah glory is pure and mighty
Jah glory brings wonders

In these harder days

These are harder days, These are harder days
These are harder days, These are harder days
Repeat Chorus

It's better to be humble
and prudent
On the right track your
heading for deliverance
Better living in their world
full of violence
Music is the key
So we won't keep silent

Jah glory is pure and mighty
Jah glory bring wonders to me
Jah glory is pure and mighty
Jah glory brings wonders

In these harder days

These are harder days, These are harder days
These are harder days, These are harder days
Repeat Chorus

Jah glory is pure and mighty
Jah glory bring wonders to me
Jah glory is pure and mighty
Jah glory brings wonders
