

# Black Market Machines

Julien-K

Your life doesn't matter  
So much stolen data  
With human words  
In monkey terms  
The machine confirms  
All this human error  
And needless advice  
I'm trying, I'm trying – to see things CLEARER  
The machine confirms  
I remember the time before with the lonesome souls and the whor  
es and the kingdom burns  
THE LOOKS, YOUR EYES, ARE HIGHLY WEAPONIZED  
THE LIGHTS, THE SKY, DRAW ME BACK IN TIME  
THE ROAD, MY MIND, ALL COME FROM ONE DESIGN  
THIS LIFE, THESE LIES, KEEP PUSHING FORWARD  
BLACK MARKET MACHINES  
And the kingdom burns – the machine confirms  
I remember the time before with the lonesome souls and the whor  
es and the kingdom burns  
The machine confirms  
THE LOOKS, YOUR EYES, THE CODE IS RECOGNIZED  
THE LIGHTS, THE SKY, DRAW ME BACK IN TIME  
THE ROAD, MY MIND, ALL COME FROM ONE DESIGN  
THIS LIFE, THESE LIES, KEEP PUSHING FORWARD  
Here we go UP  
Now we go to the bottom  
Here we go UP  
Now we go to the bottom  
BLACK MARKET MACHINES  
THE LOOKS, YOUR EYES, ARE HIGHLY WEAPONIZED  
THE LIGHTS, THE SKY, DRAW ME BACK IN TIME  
THE ROAD, MY MIND, ALL COME FROM ONE DESIGN  
THIS LIFE, THESE LIES, KEEP PUSHING FORWARD
