

Deep Beat Overground

Julien-K

I've got to got to – slow it down
I've got to got to – build it all up
Tell me now do you feel
Do you feel it coming
Tell me who do you know
Do you know we're coming
Deep beat overground
I've got to got to – slow it down
I've got to got to – clean it all up
Deep beat overground
Move your body
Feel the sound
