

Disease

Julien-K

So you grew up slow, in a shit-hole town
With nothing to do, and nobody around
Wasting your time in made-up places
A queen surrounded by familiar faces
So life is hard, and you let it show
Priced to sell, with nowhere to go
This isn't who you wanted to be
So does it ease your mind to take it out on me?

You know you're like a disease
When you're so easy to please
Don't try to tie me down
Down on your hands and your knees

You can save me
As you break me
Don't get up, stand up, let up
Won't let you bring me down
You can train me
Or erase me
Don't get up, stand up, let up
Won't let you bring me down

Now everybody's gathered around, like there's something to see
But all I feel are your eyes looking at me
Too many times, and too many places
A love is lost, leaving no traces
So this is how the story goes
Wasted time with record lows
So tell me who you want me to be,
A dead-end ride or a new belief?

You know you're like a disease
When you're so easy to please
Don't try to tie me down
Down on your hands and your knees

You can save me
As you break me
Don't get up, stand up, let up
Won't let you bring me down
You can train me
Or erase me
Don't get up, stand up, let up
Won't let you bring me down
You can save me
As you break me
Don't get up, stand up, let up
Won't let you bring me down
You can train me
Or erase me
I can't help but bring you down

Can't blame everyone you see
When you only look at me
So tell me who you want me to be,
A dead-end ride or a new belief?

(You know you're like a disease)
(Don't try to tie me down)

You can save me
As you break me
Don't get up, stand up, let up
Won't let you bring me down
You can train me
Or erase me
But I can't help but bring you down
You can save me
As you break me
Don't get up, stand up, let up
Won't let you bring me down
You can train me
Or erase me
But I can't help but bring you down

(Won't let you bring me down)
(Won't let you bring me down)
(Won't let you bring me down)
