

She's the Pretender

Julien-K

I remember somewhere
In the heat of someone
Time to surrender
A haunted chapter

A window kiss
A touch takes hold
A chance for life
To dream so bold
The pure of heart
A soul divine
Our love is lost
But we intertwine

She's the pretender
Sweetest surrender
She's the pretender
Sweetest surrender
Love carries over
It paints our future

Don't give up
I could show you
Won't give up
Like I told you
Let go, let go
She's the pretender
Let go, let go
