

# All Or Nothing

Juliet Simms

It's all or nothing  
It's all or nothing

I've fallen down  
This world a million times  
I've got the battle scars  
I've earned my stripes

I'd rather be right and go down with a fight  
Than be wrong and on top of the game

Face every demon I can  
And I will baby  
'Stead of running away

I've been through the lion's den  
Not going back again  
Oh oh, it's all or nothing  
Give me hell or take my soul  
Not afraid to break my bones  
Oh oh, it's all or nothing

It's all or nothing  
It's all or nothing

I gave up everything  
To chase the sun  
You might think I lost it  
But I'm far from done

I'd rather go on in the way I was born  
Than to say what you want me to say

There's no in between  
Only get what you see  
And then here's  
To everyone straight

I've been through the lion's den  
Not going back again  
Oh oh, it's all or nothing  
Give me hell or take my soul  
Not afraid to break my bones  
Oh oh, it's all or nothing

You told me that you don't believe me  
But I'll blow you all away  
There's more to me than what you think  
Get over it, I'm here to stay

I've been through the lion's den  
Not going back again

Oh oh, it's all or nothing

Give me hell or take my soul  
Not afraid to break my bones

Oh oh, it's all or nothing

It's all or nothing

It's all or nothing
