## My Heart Is On The Ocean

## Jump, Little Children

Old man walking on the old footpath
Old man walking with his first son
Oh son, my heart is on the ocean
And my eyes are burning from the salt sea
Oh son, my heart is on the ocean
And my eyes are burning from the salt sea

The sun is steady as the sun, it will rise Morning, the wind is in the willow
Oh son, the wind is in the willow
And the morning is steady as the sunrise
Oh son, the wind is in the willow
And the morning is steady as the sunrise

My heart is on the ocean
My heart is on the ocean
And my eyes are burning from the sea

The ship is sailing as the ships, they do sail Over the blue and misty water
Oh son, your ship is in the harbor
And your bag is tugging at your shoulder
Oh son, your ship is in the harbor
And your bag is tugging at your shoulder

The seagull is flying as seagulls do fly Crossing, crossing over the ocean Oh son, you're crossing over the ocean And the seagull is flying as the bird flies Oh son, you're crossing over the ocean And the seagull is flying as the bird flies

My heart is on the ocean
My heart is on the ocean
And my eyes are burning from the sea

The sun is steady as the sun, it will rise Farewell, farewell, my first son Oh son, my heart is on the ocean And my eyes are burning from the salt sea Oh son, my heart is on the ocean And my eyes are burning from the salt sea

My heart is on the ocean
My heart is on the ocean
My heart is on the ocean
And my eyes are burning from the sea
