

# Just A Dream

Jump5

When I look in your eyes  
I see a whole different sky  
Like I've never seen before  
And when I hear your voice  
It's like a song that I can  
Listen to o', over again

It's so crazy how you make me go crazy  
Every time that I'm near you

Cause you're just a dream  
This is my reality  
Totally insanity  
If I could be in your dream  
All I wanna do is be with you be with you  
You're just a dream  
Just a dream

When I picture the world  
It takes me to the sun  
I think about the way you smile  
And the words that you say  
Always seem to change  
The world that I've been living in

It's so crazy how you make me go crazy  
Every time that I'm near you

Cause you're just a dream  
This is my reality  
Totally insanity  
If I could be in your dream  
All I wanna do is be with you be with you  
You're just a dream  
Just a dream  
You're just a dream  
Just a dream yeah

More than my imagination could ever see  
You're just a dream  
If I could be with you

You're just a dream  
This is my reality  
Totally insanity  
If I could be in your dream  
All I wanna do is be with you be with you  
Cause You're just a dream  
This is my reality  
Totally insanity  
If I could be in your dream  
All I wanna do is be with you be with you  
Be with you  
You're just a dream  
Oh whoa you're just a dream  
Just a dream
