Way Of The World

Who He is, Who I'am, how we move It's a wild ride, a frenzy I could catch my breath to stop and see What, I feel inside - is this happy? Whats going on all around me? I just can't work it out, exactly

It all comes down so abstractly

Its the way of the world (oh..)

It's the way of the world of you and me It's every wish I ever made or ever thought I might It's the way of the world of you and me And all I know is I love the way I feel It's the way of the world Oh....

What does it mean? Scattered, crazy, suddenly I'm lost in you, I've got to be Spinning and flashing and dashing With every turn I'm taking It's heaven in the making The moments race right past me Sometimes i just burst out laughing

It's the way of the world of you and me It's every wish I ever made or ever thought I might It's the way of the world of you and me And all I know is I love the way I feel It's the way of the world Oh....

I'm thinking to myself Where did I go? All I know is that I'm somewhere else Lost in a mystery In another world There's nowhere else I'd rather be

It's the way of the world It's wish I ever made or ever thought i might It's the way of the world Oh... And all I know is I love the way i feel The way I feel.....Oh.... Its' the way of the world of you and me Yeah yeah yeah yeah yeah

It's the way of the world of you and me It's every wish I ever made or ever thought I might It's the way of the world of you and me And all I know is I love the way I feel It's the way of the world Oh...

It's the way of the world of you and me
