

# Goodbye My Love

Jungle

I got a thing  
I got a feeling  
I gotta say there's a sun that will shine  
I gotta burn  
I got up early  
Only to tell you my love

Did you think it could be your time?  
Did you think we could make it right?  
If I can't pretend you're mine  
I'll be down

God is my girl  
She is my teacher  
Morning will rise to us all in this town  
I gotta learn all for the spirit  
Only if you are my love

Did you think it could be your time?  
Did you think we could make it right?  
If I can't pretend you're mine  
I'll be down
