

## Dull To Pause

Junior Boys

With every morning chore  
You look around once more  
So that your eyes will adjust  
To all the grain and dust

All the time  
Spent over nothing  
Seems like you're done  
You are

I was pacing around  
And just recording it down  
I had nothing to say  
I'm done for another day

'Cause I don't wanna share you  
So don't say goodnight  
Nooo  
Don't say goodnight

It's too dull to pause  
And to remember the cause  
It's just too dull to care  
So we cue from the northern air

And the icy edge  
Will steal our reflections  
When we pass on by  
When we pass by
