

## First Time

Junior Boys

'Cause this phase is finally over  
And there's only me and you  
Cause the night can't wait forever  
And I don't really know what to do

This flash escaped  
To side your flare  
You seize it moves about  
You've lost me

Escape from the lights  
Away from the nights we've known  
With more broken hearts  
No innocent flights that show  
Cause it's the first time  
And the last time tonight  
But after awhile  
You'll realize  
That's how it goes

Your lips are full  
Inside your coat  
You reach the face  
And fill this space

Escape from the lights  
Away from the nights we've known  
With no broken hearts  
No innocent flights that show  
Cause it's the first time  
And the last time tonight  
But after awhile  
You'll realize  
That's how it goes
