

For H

Just Jack

Anything can happen

You got the kinda smile to make a vicar wish
Got me all sorts of ways like liquorice
The way I love you, it may be too inconspicuous
I should show you all the time, it's ridiculous still
Cupid never seems to get sick of us, chill
Christmas every day, no need for Nicholas
Angels up above, see how they're clapping us
Like we discovered a new type of love, Galapagos
Back to the back to the mattress, you're the catalyst
For one hundred percent unfiltered happiness
When this world gets venomous, storm clouds up ahead of us
There could never really be anything instead of us
But it's hard not to be a pessimist when you're hanging off of a precipice
This world without you's just a premises, yeah

Your love is sunlight
Your love is done right
A lotta love don't run right
Ends up a bun fight
But never this (Never this), never this (No)

Your love is sunlight
Your love is done right
A lotta love don't run right
Ends up a bun fight
But never this (Never this), never this, no

You make my thoughts impure, you're a force majeure
My hooligan Boudican conqueror
18 years deep, bona fide veterans
Playing the long game and it's better than it's ever been
Ties never severing, lies we never let 'em in
Cancel the shotgun, run run till the reverend
It's only ever been you, me, and the ankle-biters
Wading through the detritus strumming on balalaikas
Or some such, I digress
Your beautiful brain burns brightest, your highness
I'll be your Charlie Brown, you can be my Linus
Two whole souls stay gold, touching Midas

Your love is sunlight
Your love is done right
A lotta love don't run right
Ends up a bun fight
But never this (Never this), never this (No)

Your love is sunlight
Your love is done right
A lotta love don't run right
Ends up a bun fight
But never this (Never this), never this, no

I was looking up
It was the nearest thing to heaven
You see – you were there

But don't worry

I love you girl
What more can I say
What more can I say

Anything can happen

But don't worry
