

Leopards

Just Jack

We all have our convictions
Fossilising in our minds
We all have predilections
We collect them over time
Don't tie yourself in knots
No fingers can unpick
I've seen a leopard change its spots
Don't beat yourself with that old stick

'Cause it's okay to change your mind
You could do a U-turn on it
You could do a U-turn on it
None of this is set in stone
You could do a U-turn on it
You could do a U-turn

Between the fact and all the fiction
Between the conquer and divide
There's a potential evolution
And it's whatever you decide
A concrete point of view
Could be a heavy cross to bear
Well if you're trying something new
No one's judging you, I swear

'Cause it's okay to change your mind
You could do a U-turn on it
You could do a U-turn on it
None of this is set in stone
You could do a U-turn on it
You could do a U-turn

Don't tie yourself in knots
No fingers can unpick
I've seen a leopard change its spots
Don't beat yourself with that old stick
'Cause it's okay
Yeah, it's alright

'Cause it's okay to change your mind
You could do a U-turn on it
You could do a U-turn on it
None of this is set in stone
You could do a U-turn on it
You could do a U-turn
